

16th November 2023

Dear Parents/Carers,

Heathmont East Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2024.

Heathmont East Primary School is very proud of the quality programs that we have put in place to cater for the needs and interests of our students. Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families enables us to sustain high quality learning programs and resources for all children.

Your voluntary financial support underlies the success and quality of the academic and co-curricular programs available to meet the diverse needs of our students, ensuring that we have the materials and facilities to run programs successfully and enable our students to 'Aim High.'

Heathmont East Primary School Council and its Finance Committee have worked closely with the Leadership Team and Business Manager to set recommended contribution amounts to meet the budgetary requirements of the school. This ensures that the provision of classroom resources, maintenance of our buildings and grounds, and upgrades to classroom technology are made available for the benefit and enjoyment of your, and all other children.

Within our school this support has allowed us to offer a wider range of specialist subjects including the introduction of Sustainability; enhanced digital learning opportunities including leasing additional laptops and iPads for student use, the provision of a maths toolkit for each classroom, upgrading our musical instruments, updating our decodable readers, and maintaining a modern Library. Buildings and Grounds projects undertaken in 2023 include:

- Gym refurbishment including a new kitchen, painting, and the installation of new heating and cooling;
- Asphaltting of staff carpark and walkway through to oval;
- Upgrade to the irrigation system in the kitchen garden;
- Installation of fake grass around the level 2 portables and oval goal square;
- Installation of planter boxes and seating; and
- Installation of a new fence across the raised garden in Louis Street facilitating a new play area for students.

We want to thank you for all your support, whether that's through contributions, fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Yours sincerely,

Curriculum Contributions

Below is a list of items and activities which are essential for your child to learn the standard curriculum. Heathmont East Primary School will purchase student books on behalf of parents as we value inclusivity and equality among our students to ensure that every student has items with the same specifications and quality. Our school purchases these essential resources in bulk, enabling considerable savings from the school's sizeable buying power and the ability to claim the GST payable versus parents/carers purchasing through third party providers which is the current DET recommendation.

First Aid Contribution - School staff are employed to meet the first aid needs of students at HEPS, for which we receive no government funding. In addition, the school provides first aid consumables required to treat students and to meet student health needs when at school and offsite. Staff also undertake professional development in CPR, anxiety, asthma, anaphylaxis, epilepsy, and diabetes management on an annual basis.

Grounds Maintenance Contribution - to ensure that the school can continue to maintain our grounds to a high standard.

Tax deductible funds (the Library and Building funds) School council has established tax-deductible gift recipient status with the Australian Taxation Office for these funds:

The **Library Fund** aims to purchase books and equipment needed to sustain a modern library facility.
