Dear Parents/Carers,

Heathmont East Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2026.

We are very proud of the quality programs we have put in place to cater for the needs and interests of our students. Schools provide students with free instruction to fulfil the standard Victorian curriculum, and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families plays a vital role in sustaining the high-quality learning programs and resources that benefit every child in our care.

Your voluntary financial support directly underpins the success and quality of our academic and co-curricular programs. It enables us to provide the materials, resources and facilities that help our students to 'Aim High'. Every contribution—no matter the size—makes a meaningful difference to the learning experiences we can offer.

Heathmont East Primary School and its Finance Committee have worked closely with the Leadership Team and Business Manager to determine recommended contribution amounts that meet the school's budgetary requirements. These contributions ensure that we can continue to provide engaging classroom resources, maintain our buildings and grounds, and invest in classroom technology that enhances teaching and learning for all students.

Thanks to the generosity of our families, we have been able to provide students with high-quality resources including new library books, novels and take-home readers, a comprehensive phonics resource library, up-to-date classroom technology, musical instruments, new Dash robots for STEAM and resources for Sustainability, and wellbeing initiatives that support a holistic learning environment. The school and community are also benefiting from the installation of a modern, safe and attractive school playground.

With the finalisation of the new administration building and front entrance to the school upon us, we are committed to utilising funds accrued through our Building Fund and community fundraising efforts to further enhance our school grounds in 2026.
